Screwless Holder Units

Have been adopted by a great many
Boards of Education as
a standard

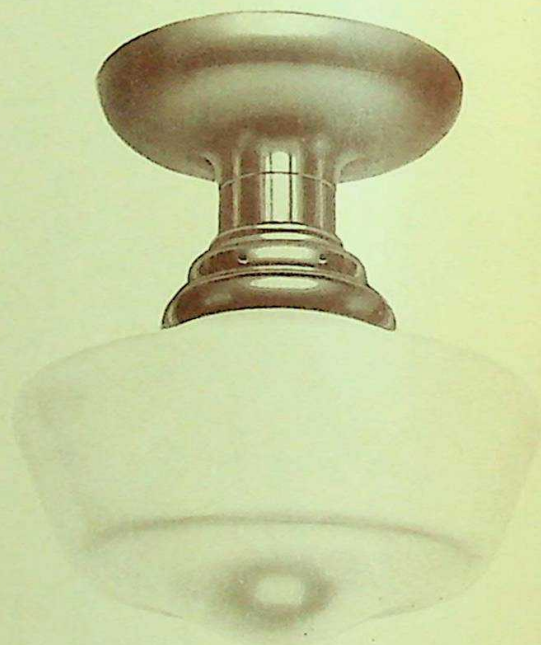

THEY ELIMINATE THE POSSIBIL-
ITY OF GLASS DROPPING, AS THERE
ARE NO SCREWS TO LOOSEN

Illustrating No. 3004 Unit

Notice how easy our screwless
holder operates; to install globe slide
up the top cover, insert globe and slide
cover down. Globe is removed the
same way.

THINGS WORTH KNOWING ABOUT

LIGHTING FIXTURES

WHICH PLACE THEM IN A CLASS BEYOND
ANYTHING EVER ATTEMPTED

Our Standard Finishes, namely Florentine Gold and Gray Gold are plated finishes, Roman Gold being a sand-blasted finish and all are guaranteed to last indefinitely

Florentine Gold: A rich dark brown plated finish with burnished gold high lights.

Gray Gold: A beautiful gray plated finish with burnished gold high lights.

Roman Gold: An attractive light brown sand-blasted finish, burnished gold high lights.

OUR other finishes suitable for certain fixtures such as Silver, Silver and Gray, Silver and Black, Antique Gold, White Enamel, Ivory, etc., are applied with the same care as our Standard Finishes. The finishes noted with each fixture illustrated are the finishes most suitable to the particular fixture. All ISCO fixtures are packed with great care in cartons so as to reach you in perfect condition, and permit you to always have on your shelves a clean and compact stock of saleable Lighting Fixtures.

When ordering from this catalogue always give catalogue number and full description of all items whether Portable Lamps, Glassware, or Fixtures, and in case of Fixtures be sure and specify whether bare, wired, or wired complete with glassware, as well as catalogue number and finish to insure correct and prompt filling of your order.

All lighting fixtures and lamps are priced less bulbs.

Our aim is prompt service. Our nation-wide distribution with branches from coast to coast makes this possible. Send your order to our nearest distributing point.
